

Trim Series Lighting Solutions

**INCEPTION
INNOVATIONS**

Description:

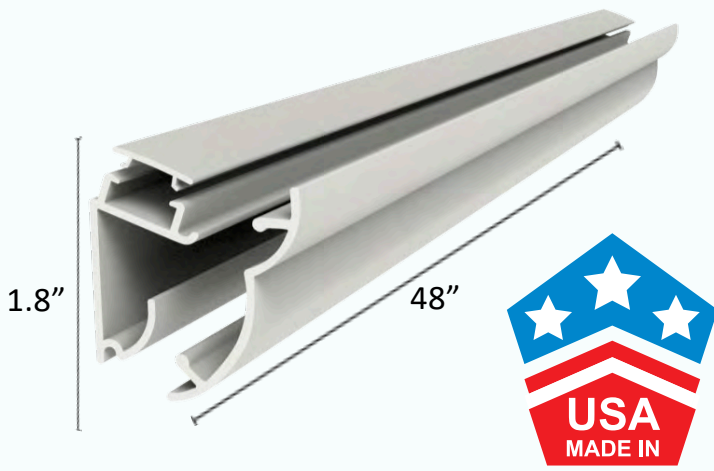

LumaTrax Trim Series solutions deliver a complete lighting solution for a plug-and-play installation. Made in USA and patented, LumaTrax lighting channel neatly hides LED strip lighting and wires with finished trim cover. The RGBW LED lighting has dedicated soft white LEDs as well as red, green and blue LEDs where over 16 million colors can be selected. The controller fits inside the LumaTrax channel and offers app-based control with dynamic scheduling. Optional accessories include: integration with Google Home and Alexa, wall panel and motion sensor control.

Mounting:

LumaTrax trim is surface mounted with tape or screws and both the lighting and LumaTrax channel can be easily cut to fit any location.

Features:

- Surface Mounted & Paintable
- Trim Appearance
- Integrated Wire Management
- Contractor Grade LED Lighting
- Easy to Install and Control
- UL Listed
- Made in USA

LUMATRAX RACEWAY CHANNEL:
